

Instructions for Accessing the Impact Imaging FTP Site

Please refer to the following to access the Impact Imaging FTP site.

Using any popular FTP client application (e.g. SmartFTP, Filezilla, Fetch, etc), connect to the server using the following parameters:

Host IP Address: ftp.impactimaging.ca

Username: _____

Port #: 21

Password: _____

Contact your sales rep, or the Studio Manager, Renato Nolivos (renato@impactimaging.ca) for your password and user name.

You have complete control to read, write and delete files, and to create and delete subdirectories.
